

Here is guidance on printing a Powerpoint with our A0 printer.

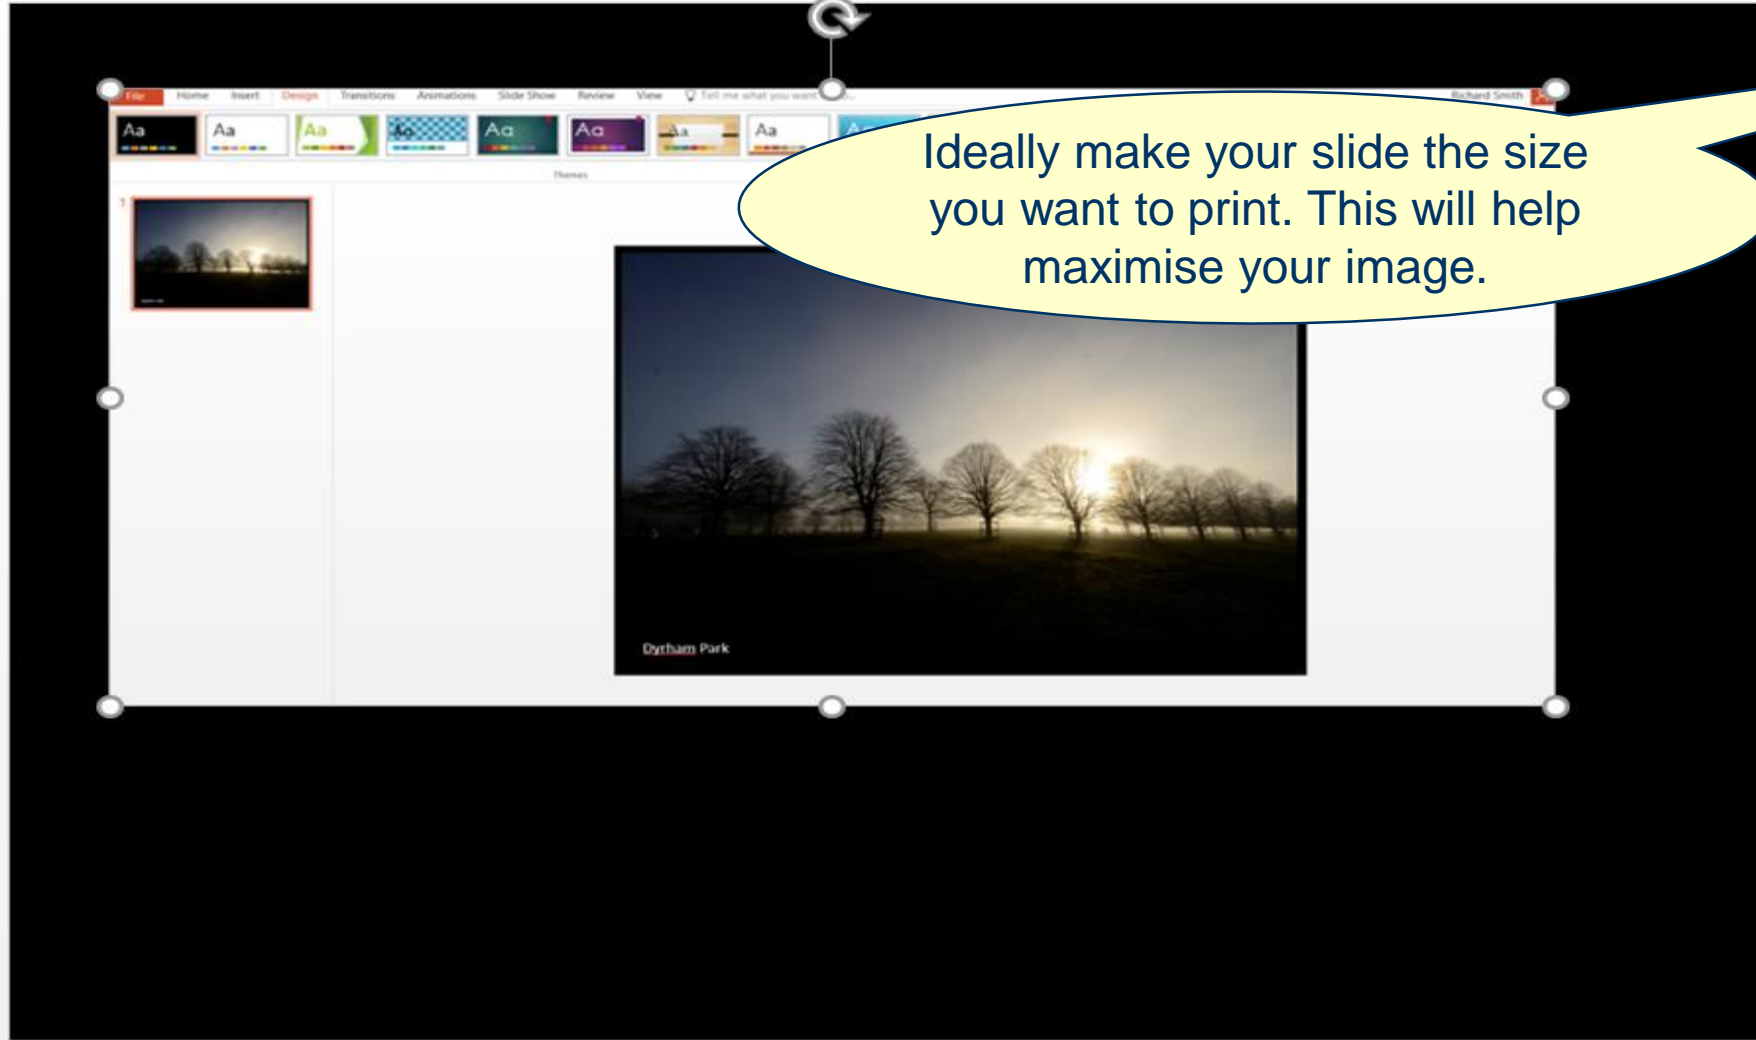

**Firstly, please leave plenty of time to print off your work.
We anticipate the A0 printer will be popular!**

Variants

Ideally make your slide the size you want to print. This will help maximise your image.

If you select a custom size, choose 'Custom' from the menu and add measurements for height and width.

A1 landscape = 841mm x 594mm
A0 landscape = 1189mm x 841mm

The background of the slide is a photograph of a park at sunset. The sky is a gradient of blue and orange, with the sun low on the horizon. Silhouettes of trees and a playground with slides are visible against the bright light.

You can now go to the printer release station to print your work.

Please check the price is correct at release.

If you have any problems, please see the Library team.
